Project Demo Planning

Date	15 March 2026
Team ID	SWTID-2026-6912
Project Name	FitBuddy - AI Fitness Plan Generator
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Motivation	Overview of FitBuddy, problem statement, and objective of AI-driven personalized workout planning.	2	Pavithra M
2	User Onboarding & Profile Input	Demonstration of user input forms for fitness goals, dietary preferences, and target intensity levels.	2	Manisha S
3	AI Workout & Nutrition Plan Generation	Live generation of customized 7-day fitness plans using Gemini 1.5 Pro and real-time nutrition tips via Gemini Flash.	3	Monica G
4	Plan Revision & Feedback Integration	Demonstration of updating an existing workout plan based on dynamic user feedback and saving history to SQLite.	2	Monisha Anandan
5	Admin Dashboard & Monitoring	Showcasing the `/view-all-users` dashboard to review user records and compare original vs updated plans.	2	Mridula M
6	Conclusion & Future Scope	Summary of results, system testing, project deliverables, and potential future enhancements.	1	Pavithra M

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Briefly outline current challenges in static fitness plans and introduce FitBuddy's AI solution.
2	Solution Overview	Explain the core technology stack (FastAPI, Gemini API, SQLite, Jinja2 template engine).
3	Live Feature Demonstration	End-to-end walkthrough: User registration → AI plan generation → User feedback update → Admin inspection.
4	Q&A Session	Address evaluator queries regarding API integration, safety disclaimers, and data storage logic.
